CALCUTTA PORT TRUST.

THE 3RD DEBENTURE LOAN, 1885.

The Calcutta Improvement Act, Vol 1876 (B.C.), and the Calcutta Improvement Act to enable the Commissioners for making improvements in the Port of Calcutta to construct Docks at Kidderpore, Act II of 1885 to provide for the issue of seventy-five lakhs of Rupees, in Debentures, having a currency of not less than 20 nor more than 30 years, Interest guaranteed by the Secretary of State in Council until such time as the Docks are completed.

Tenders are invited for a LOAN of TWENTY-FIVE LAKHS OF RUPEES at 4½ per cent. on Debentures to be issued under the provisions of Act of 1885 to provide for the construction, maintenance, and management of the docks at Kidderpore. This loan having been sanctioned by His Excellency the Governor of Bengal with the concurrence of the Governor-General in Council by a Notification published in the *Calcutta Gazette* of the 22nd August, 1885, the payment of interest thereon and the guarantee of the Secretary of State in Council until such time as the loan is redeemed.

The Debentures will be for sums of Rs. 100 each, or for Rs. 1000 as may be desired, made payable to bearer, bearing interest at the rate of 4½ per cent. per annum, payable half-yearly on the 1st day of January and 1st July, at the office of the Port Commissioners.

The principal of the debentures. Twenty-five per cent. of the amount tendered for to be paid on 1st October, 25 per cent. on 1st November, and the balance on 1st December, 1885, at the Bank of Bengal. Any allotment may, however, be paid in full at the option of the tenderer upon the whole amount of allotment and interest will run on such payment from the date of the Bank's receipts. Provisional receipts for the payments should be given by the Port Commissioners, who, upon the production of such receipts may desire, will grant debentures for the amount allotted in such proportion as the receipts may desire. Arrangements will be made, if required, to enface debentures for payment of interest in England

Tenders must be described form should be filled up and sealed covers superscribed "Tender for Port Loan," to the Secretary to the Port Commissioners before noon of Wednesday, the sixteenth day of September, 1885, accompanied by either Government Currency Notes equal in value to, or a receipt for the amount in Bengal for, 2 per cent. upon the amount of the loan applied for.

Two per cent. will be returned if an allotment is made, but it will be forfeited if an allotment after being made is not duly taken up.

The number of debentures is allotted than is applied for, a proportionate part of the deposit will be applied in or towards payment of the balance due upon such number of debentures.

Tenders will be opened in the presence of the Port Commissioners. The minimum rate at which tenders will be accepted will be recorded under the signature of the Chairman before the tenders are opened, but the minimum rate will not be published unless some tender is rejected at a rate below the recorded minimum.

Forms of tender can be obtained on application to the Secretary to the Port Commissioners, and the form of contract may be seen at the office of the Secretary. A deposit must be made for each rate.

R. A. DONNITHORNE,
Secretary to the Port Commissioners.
Port Commissioners' Office, dated 22nd July 1885.

BOMBAY CLUB.

THE HALF-YEARLY GENERAL MEETING of the Members of the Bombay Club will be held on WEDNESDAY, the 19th August, 1885, at 5-30 p.m.

By order of the Committee,
H. WALTER GOSTLING,
Honorary Secretary.

5th August, 1885.

THE S. S. "Edwin" has arrived from London, and is discharging in the Prince's Dock. CONSIGNEES are requested to present their BILLS OF LADING for our counter-signature, and to TAKE DELIVERY of their goods without delay.

Unless boats are sent alongside without delay to take delivery of packages exceeding in weight 30 cwts., they will be landed on the quay at the risk and expense of the consignees.

Consignees are hereby expressly notified that all claims for damages must be adjusted by steamer's surveyor, Captain DIXON, before the goods are removed from the landing shed. The undersigned decline all responsibility in respect of goods removed to the uncleared warehouse. All claims must be presented before the sailing of the steamer, otherwise none will be entertained.

The steamer's surveyor will attend every morning to survey damages, &c.

CHUBB'S SAFES — New series made of best wrought iron Boiler Plates, and have six bolts at the front and back of the door.

CHUBB'S SAFES — An increased thickness of the Fire Resisting Chambers.

CHUBB'S SAFES — The frame being a special Tee-iron Section, with a thickened corner, its strength is enormous, and the power necessary to bend it can hardly be applied but by machinery.

CHUBB'S SAFES — The Bolts of the Lock fasten behind this solid iron in place of, as is usually the case, into a lining. The bolts and Lock-case are fastened to the door by a heavy angle-iron frame, and in any attempt to force open the safe the pressure would come on this solid angle-iron and not on the screws or rivets.

CHUBB'S SAFES — The inside of the door is now made with a series of rebates or recesses, giving greater security against wedging, and also hindering the passage of flames or heat to the interior of the safe.

CHUBB'S SAFES — The edges of the outer plates are recessed into the frame, so that there is no open joint.

CHUBB'S SAFES — All the Safes are fitted with Chubb's new Patent Lock, which is Gunpowder-proof, Drill proof, &c.

CHUBB'S SAFES — The general sizes of the Safes are in stock thus Nos. 3, 6, 10, 15, 15, 20, 27, and 31, but any other sizes can be ordered by wire if required soon.

CHUBB'S SAFES — The prices of any sizes Safe at twelve annas (a Shilling nett.

CHOLERA PILLS
CERTIFICATES.

MY DEAR MR. COTTER,—I am very glad to testify your Cholera Pills, which were at the last moment administered to my eldest son and got him back from death's door. I am so sure of the pills, and as well as of the decoction water, that nothing equals the medicine to my knowledge. I hope and trust that your pills be made known to the world at large and establish your reputation.
Yours faithfully,
Lahore, 19th April, 1882. H. C. MITTER.

I have much pleasure in testifying to your valuable Cholera Pills, to which I had to resort to once owing to one of my servant's boy taking seriously ill with that dreadful calamity. I can confidently recommend the pill to any one wishing to do good.
You have my full liberty to make use of this in any way you like. Yours truly,
Dated 19th April, 1882. FELIX BARTHOLEMY.
Lahore, 22nd April, 1882.

MY DEAR MR. COTTER,—I am greatly obliged and more thankful by your attending and using your valuable pills to my wife when she was severally attacked by *cholera* in the month of July, 1881. I should certainly say that if I had not got assistance from you, I am certain she never would have lasted, as she was on the last stage and given her up by the Doctor. Yours very truly,
HIRJEEBHOY EDULJEE SETNA.
Jubbulpore, 23rd April, 1882.

At Mr. T. H. Cotter's request I have much pleasure in certifying to the satisfactory results that have on all occasions attended the use of his pills in cholera cases during the late epidemic in Lahore. I was invariably associated with him in his labors during that time, and had every opportunity of personally observing its efficacy. In my own family it was the means, by God's blessing, of restoring my little girl to health, as she had the peculiar symptoms of the disease.

COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, AUG. 5.

BUSINESS was resumed again in England yesterday, but judging from Reuter's advices received this afternoon, the general tone of the re-opening has not been indicative of improved trade. Money in London is again dearer, the rate of discount on 3 months' bills having advanced from 1 to 1⅛, and on 6 months from 2 to 2½ per cent. Consols remain unchanged at 99⅛, and 4 per cent. Rupee Paper comes ⅛ higher, but French Rentes have declined ⅛ to 110. Hongkong and Shanghai Bank shares are quoted at £59, but this shows no change from the rate reported by the mail, which was of a later date than Reuter's last quotation.

In the Produce markets, Linseed was firmer, with an advance of 3d. per quarter in Calcutta qualities. Wheat in Liverpool was 1d. per cental dearer.

The Liverpool Cotton market yesterday closed dull, the day's sales being only 7,000 bales, including 600 Surats. Americans on the spot were quoted 1-16d. and to arrive 1-32d. to 3-64d. lower, but Surats were unchanged.

The market here remains dull and inactive. For export no purchases are reported, and we do not hear of anything being done in new crops for future delivery on European account.

WHEAT is still very quiet, but there has been a little business done to-day at current rates, say Rs. 3-13 for No. 1 Soft White, Rs. 3-11 for No. 1 Club Delhi, and Rs. 3 8½ to Rs. 3-9 for Soft Red Ahmedabad.

SEEDS are generally unchanged, with only a limited business passing at previous prices.

FREIGHTS exhibit no quotable change, the following being current rates :—

	Cotton.
Liverpool... Ready	17-6 18-9
Continent ..... „	20
Open Charter .. „	20
Havre..... „	21-3
Antwerp ..... „	20
Marseilles .. „	25 to 26-3 at 2
Trieste-Venice.. „	20

EXCHANGE.—There has been nothing received from Home at 4/32nd rates, Bar Silver in London being still quoted at 40½d. per oz.; nor is the position here altered in any way. From Calcutta, however, the accounts continue very firm, and we are partially 1-32d. higher in consequence, inasmuch as a large line of bank telegraphic is reported to have been done at 1s. 6 13-16d., although regular quotations remain unaltered. We quote :—

Bank Bills on demand.....	1s. 6 13-16d. per rupee.
Do. Telegraphic	1s. 6 25-32d.
T.Ts. 3 months' sight ...	1s. 6 29-32d.
Credits, 3 months' sight	1s. 6 31-32d.
France, 3 months sight	2·00

GOVERNMENT PAPER has been quiet, but very steady. Fours we quote at Rs. 98⅛ ready ; Rs. 98⅛ forward. Fours-and-a-half are nominally at par.

SHARES in most cases exhibit no change. Spinning and Weaving Mills are unaltered, with, perhaps, the one exception of Dhurrumseys, which have improved to Rs. 185. Bombay Flour Mills have changed hands to-day at Rs. 660.

THE *Englishman* hears that a new aligument of the Nagpore-Bengal Railway, with a view to effecting a junction with the East Indian Railway at Assensole, without interfering with coal rights to any large extent, has been prospected. The same paper says that the final contract between the directors of the Neilgherry-Rigi Railway Company and the Secretary of State for India is expected to be signed in a few days, when an attempt will be made to raise the necessary capital.

THE Lahore paper draws attention to a recent assessment report of a tract in the Ahmednuggur district as showing, with regard to the Hyderabad State, that transit duties have not been altogether abolished in native territory. Registering stations, it is said in this report, exist in every village where the Nizam's territory joins British territory; and as some of the Nizam's villages surround and are surrounded by British villages, transit duties often paid twice over by cultivators seeking to dispose of the produce of their fields or farms. The toms collectors are, of course, badly paid; and, ally of course, they make up their income by y exactions. "A cart is never allowed to leave Nizam's dominions without security being that it will return; and the only alternative leave it at the customs. Possibly it may be ered undesirable to interfere on behalf of the abad carts; but it would appear anomalous e Nizam's Government should be permitted transit duties on the produce of isolated villages, which must pass through Hyderritory in order to reach the main part of medinuggur district. Not only must the suffer grievously under such a system, but ent, from the report in question, that the Government suffers also directly, as it has d necessary to make some allowance for wbacks in fixing the revenue of the estates

THE *Madras Times* learns that there is some probability of the buildings in Fort St. George now occupied by the offices of the Accountant-General, the Adjutant-General, and the Controller of Military Accounts being vacated, and that they will be taken up by European troops. THE PEOPLE OF THE SOUDAN.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Referring to the Soudan letter in yesterday's issue, one fails to see what connection there is between a "horse" and "cool refreshing shade and luxurious rest." Your correspondent must have meant horse-bean, the pulse common to Upper Egypt, and the chief sustenance of the agricultural and labouring classes. This is grown on the banks of the Nile, where water is to be had, the shrub resembling the cytisus plant. I can well imagine a traveller missing the Nile missing this familiar green shrub in the desert, where nothing green meets the eye. The horse-bean—poor fare as it may seem to an English palate—is far out of reach of the wandering Arabs, who live only on dates, and date seeds ground into meal. The poverty of these tribes is extreme. They have no regular meals, but satisfy their hunger when they can. They are hard working, when pushed; willing, and well-developed—strange to say! An evidence that "God tempers the wind to the shorn lamb" is to be found in the preservation of Arab babies. Who knows how they grow, how they are fed, and how they soothe? These unsettled men wait on the English camps like vultures on their feast, and are glad to be messengers to distant places in the desert, and to provide camel transport for stores. Every body of these volunteering their services thus has a sheik or chief, who is responsible for them.

PROFITABLE DOG STEALING.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—There is something curious in your police intelligence yesterday under the heading "Misappropriating a dog." It seems strange that the trying magistrate should have encouraged the "misappropriation." The thief sold the dog for Rs. 25, and on being convicted was fined Rs. 5, so a gainer of Rs. 5, which is decidedly an encouragement to misappropriating dogs.

"MR." OR "ESQUIRE."

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—I never could understand why natives of India should so hankering after the now meaningless title of "Esquire." It is a purely English title, to which they have no sort of right whatever, any more than I have to be called Rao Saheb, or to any other native term of address. We always address "Monsieur" in French, "Signor" as a Spaniard or Italian, "Senhor" as a Frenchman as "Monsieur" in French, "Signor" as a Spaniard or Italian, we address as a Portuguese as "Senhor." Why then should a native of India be addressed as "Mr." or "Esquire"? The absurd lengths to which this practice is now carried amongst natives themselves is simply ludicrous. I have seen letters addressed to hospital compounders with "Esq." in big letters on the envelope. One native will present another with a book "as a token of his friendship, and will write on the fly-leaf, "Presented to Lalldehoy Sinachajee, Esq.," by his sincere friend Rama Luximon Dustyporewalla." Schoolboys write in their lesson-books, "This book belongs to ——, Esq., son of ——, Esq." Another thing is, natives never know where to draw the line. We read in the papers some time ago of the trial of a Parsee engine-driver on a charge of drunkenness. The editor of the *Indian Spectator* writes of the accused as "Mr. Jehangier Dorabjee." Had he been an Englishman his case would have been reported in an English paper as: "John Bull, an engine-driver, was brought up before Mr. Flowers, charged," etc. He would most certainly not have been called "Mr. John Bull." With compliments to the outraged Mr. Chichzar and to Mr. Giwalla, and to the "Esquire-archy" in general permit me to sign myself

CASTE IN PUBLIC INSTITUTIONS.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—In the interests of the public, I ask to be allowed to draw their attention, and that of missionaries generally, and of the local representative of the Guzerat Irish Presbyterian Mission particularly, to a case which has occurred here in connection with a Christian convert, which well shows how Christians of a low caste may, even in public institutions, sometimes suffer hardships at the hands of the Hindu community. The case of persecution has occurred in the Sir Jamsetjee Library. The convert, an elderly man, is a leather-seller by trade. The Hindu librarian, presumably in ignorance of the low origin of the Christian, admitted him into the library. One or two months after this a local print brought the fact to the notice of the secretary of the library. About the same time, a Hindu member made a complaint in the book on the reading-table regarding the pollution of caste by this man, and requested the secretary to take steps in the matter. The secretary replied that the librarian had admitted the man into the library without being aware that he was a Khajha (a leather tanner) by birth, and directed the complainant to tell the Christian that he could not enjoy the privilege of reading at the table like other members, but should choose the alternative of sitting in the public balcony, or accepting the refund of his subscription fees and withdrawing from the library. The Christian declined in self-respect to obey the order of the secretary, and just as he had polluted, according to Hindu notions, the caste of all Hindu members, were ignorant of his being so until the *Deshi Mitra* newspaper made the matter public, so he is allowed to continue still to pollute the caste of those other Hindus who do not yet know anything of the matter, or do not personally know the Christian.

But the matter has not quietly ended here, as one might imagine. The managing committee of the library met on the 25th ult., and decided that steps should be taken, as the obnoxious individual had quietly defied the secretary's orders. To the honour of the two Parsee members on the committee, they are said to have warmly espoused the cause of the unfortunate man against the influential majority of their Hindu colleagues, and in spite of the support which, to the scandal, I must say, of the liberal professions of their co-religionists, a few other Parsee members, not on the managing committee, have given to the Hindus. The Hindu majority on the managing committee could not undertake the responsibility of a final decision, and have resolved to put the case before the general meeting, and to abide by its decision. The decision of the general meeting is a foregone conclusion, for the Hindus are by far the largest majority, and the European members never attend any general meeting.

It is not my intention to enter into the theological aspect of the question; it would be absurd in a Parsee to do so, nor to point out the inconsistences into which the Hindus fall in maintaining controversies of the kind. These occasionally do crop up, but, as far as I remember, the Hindus have never triumphed. Nor will I point out at length how often Hindus of the highest class have to suffer the company of Dheds who are not even Christian converts, when travelling by railway. I will only give one or two instances very nearly bearing on the present dispute. The relatives of the Christian in question have, during the last fifteen or twenty years, been educated in the Mission High School here, rising to the Matriculation Class, and passing Banias and Brahmins. The assistant teachers of the school have been also Brahmins and Banias, and yet during all these years no Surati Hindoo ever thought of objecting to these converts to pollution of his caste. Can any man in his senses believe that origin of these boys was carefully concealed by hundreds of their Hindoo fellow-pupils from their parents? Of these low-class converts, two have distinguished themselves as graduates of the Bombay University. One is an M.A., and the other an L.M. and S. Both are in the service of the Government. When Mr. Dixon was appointed as an assistant teacher in the Broach High School, the Hindoos of that place objected to his origin, and the boys of the class stayed away, rather than be polluted by touching him. But Government remained firm, and the Hindoos gave up their cause in despair, and Brahmins and Banias now freely touch their master. All these are notorious facts. Your readers would be curious to know on what rational grounds the uncle of this Christian should be made to undergo the indignity of sitting apart like a social pariah in an institution which is the property of the public. My object in writing this letter is to defend a man who apparently has very few to take up his case, and, by enlisting the sympathies of the public on his behalf, to make the Hindoo members of the library consider well what grave responsibility they would incur by arbitrarily forcing out a member who has equal claims to enter a public institution. I hope that wiser counsels will prevail before the secretary and the managing committee fulfil their intention of bringing the matter for the decision of the general meeting.

THE VICTORIA LANDING AND SHIPPING AGENCY.

THE first ordinary general meeting of the shareholders of this company was held yesterday at the registered office, No. 20, Hummum-street, Fort. Dr. Ardaseer Jamsetjee Bhajiwalla, the chairman, presided. The following report was submitted to the meeting: "The company was registered on the 18th June, 1884, and we submit the audited accounts of the company from 30th August, 1884, to 31st March, 1885. This company has five boats, and negotiations are going on for the purchase of others. The directors regret that the accounts show a loss of Rs. 2,471-10-6. This unsatisfactory result they attribute to heavy repairs on the boats. In the month of December last a padow by name Duria Mouj came in collision with a steamer, and thereby heavy repairs were caused to be made; but the directors now hope that no such repairs will be required on any of the padows." Resolutions were then passed adopting the report re-electing Messrs. Ardaseer Jamsetjee Bhajiwalla, Mezhjee Jairam Jaithabha Jairam, and Vussonjee Jairam as directors of the company for the ensuing year, and appointing Mr. Pallonjee Framjee Mehta as auditor of the accounts at a remuneration of Rs. 50.

BOMBAY.

VESSEL ARRIVED.—The following vessel arrived yesterday:—Prince Llewellyn (s), from Newport.

VESSELS SAILED.—The following vessels sailed yesterday:—Kerbella (s), for Karrachee and London; Rydal Hall (s), Liverpool; and River Ettrick (s), Dunkirk.

PRINCE'S DOCK.—The s.s. Bangalore entered, and the s.s. River Ettrick left, the dock yesterday.

G. I. P. RAILWAY.—The statement of traffic for the week ending the 1st inst. shows an increase in receipts of Rs. 19,632.

BOMBAY GYMKHANA.—There will be practice tent-pegging this evening at 5:30 on the ground behind the Marine Lines, and afterwards a polo ball race and postilion race.

SUNKERSETT CHARITABLE DISPENSARY.—The total number of patients treated in this dispensary during the past month was 1,898. Of these 659 were new admissions, consisting of 207 Hindoos, 270 Mussulmans, 56 Parsees, 19 Christians, and 7 of other castes. The average daily attendance was 61·22.

THE BOMBAY HOMŒOPATHIC CHARITABLE DISPENSARY.—The total attendance of patients treated in this institution during the month of July was 1,636, consisting of 834 males, 434 females, and 368 children; out of which 1,286 were Hindoos, 348 Parsees, 20 Mussulmans, and 2 Christians, the daily average being 53·4193.

DEFRAUDING THE G. I. P. RAILWAY COMPANY.—A Borah merchant named Tyebally Heptoola was yesterday convicted by Mr. P. Ryan of making a false declaration for the purpose of defrauding the Railway from Waree-bunder to Nagpore on the 9th ultimo, and thereby defrauding the railway company to the extent of Rs. 25-6-0. He was fined Rs. 50.

THE EFFECTS OF DRINK.—A coroner's inquest was held yesterday at the Goculdas Tejpal Hospital, on the body of a Mussulman man, name unknown. Deceased was a vagrant. He was removed into the hospital, insensible from drink. He died shortly after admission. The verdict was that the death of the deceased was caused by excessive drinking.

A JUVENILE THIEF AND HIS ACCOMPLICE.—A Mahomedan lad aged 15 years, named Ismail Elias, and Abdool Abazi were yesterday convicted by Mr. P. Ryan of stealing a watch and a set of silver studs, of the collective value of Rs. 20, the property of Jan Mahomed Rahim, the manager of a firewood depot at Mahaluxmee. Prisoner No. 1 was ordered to be sent to the Sassoon Reformatory, and No. 2 was sentenced to three months' rigorous imprisonment.

A DISHONEST SERVANT.—Fazoola, a servant in the employ of Moguljan, a songstress residing at Falkland-road, was yesterday convicted by Mr. Ryan of stealing silk embroidered articles, of wearing apparel valued at Rs. 200, the property of his mistress. The prisoner, after stealing the articles, absconded to Ahmedabad, where he was arrested, and brought down to Bombay. The property was found in his possession. He was sentenced to three months' rigorous imprisonment.

THEFT AT THE GENERAL POST OFFICE.—Mr. V. Cabral, assistant post master, Bombay, reported to the police on Tuesday afternoon that his office orderly, who is a post peon, named Malbookhan Ismailkhan, living at Cammatepoora 1st Lane, had stolen fifteen postage stamps, four cabinet photos, one carte-de-visite, and one Guzerathi letter, the contents of letters that had been posted in the General Post Office. When inquiries were made by the police and the house of the accused was searched, a cheque for £100 and another letter were found in the premises.

THE SALE OF GOVERNMENT LAND NEAR WODEHOUSE BRIDGE.—At the office of Mr. Grant, the Collector of Bombay, yesterday, four plots of land situated at Middle Colaba, near the Wodehouse Bridge, were put up for sale. There were only five persons present, three Jews and two Parsees. After the conditions of sale had been read, those present declined to bid, as the set-up price of Government was Rs. 10 per square yard. The plots are numbered 5, 6, 7, and 8, and their superficial contents are respectively, 1765, 1686, and 1518 5-9 sq. yards. It appears that an offer has been made to Government of Rs. 7-8 per sq. yard. No sale was effected.

SASSOON INSTITUTE.—The fourth monthly meeting of the committee was held in the Institute on Tuesday. Mr. A. W. Forde presided. Twenty-six new members were duly elected. Six members have withdrawn on leaving Bombay, &c., and one died during the month. A sub-committee was appointed to make a selection of scientific books on account of the Berkley Memorial Fund, to the extent of the money accumulated at the interest account. It was notified that Mr. Chambers has joined the Commission, in place of Mr. W. Pender, bury, who has left Bombay. The Committee have now decided to dispose by auction of the remainder of the duplicate books, surplus magazines, and the works withdrawn from circulation. The remaining portions of the revised catalogue, those for rooms C. and D., are now in the press.

ASSAULT.—Ravjee Nusha and Ganput Nusha, brothers, were yesterday convicted by Mr. Ryan of assaulting Dhoodeeba Ramjee on the 25th June at Old Nagpada. Accused No. 1 was fined Rs. 30, or, in default, to undergo four days' rigorous imprisonment; and No. 2 was fined Rs. 20, or, in default, to undergo four days' similar imprisonment. They were both further bound over in a sum of Rs. 200 each to keep the peace for a period of six months. Ally Mahomed, Oomer Hussain, and Abdool Tyebjee were also convicted of assaulting Mooljee Mhadowjee, a dealer in piece-goods residing at Bhooleshwar, on the night of the 23rd ultimo. Sticks were used in the assault. The three accused, it appears, owed to the rest it is given by courtesy, because it has become impossible to distinguish in everyday life between ordinary English gentle folk and such esquires as the sons of younger sons of dukes and marquises; the younger sons of earls, viscounts, and barons, and their eldest sons; and the eldest sons of baronets and knights. These do not carry their prefixes over their titles, and therefore, to avoid mistakes, the distinction of Esquire is granted at random and almost universally. But with natives, as a rule, there is no such ambiguity. The eldest sons of native K. C. S. I.'s or of baronets, like Sir Jamsetjee Jejeebhoi, are the only esquires by birth and those who have by their professions—as doctors of law or justices of the peace—a right to be "reputed" esquires, might claim it, if it is not accorded to them. The title would thus recover for natives something of its lost significance. The rest should be as willing to do without the affix as nine out of ten Englishmen are to part with it; for a distinction which means nothing more than that the bearer is a well-dressed native of England is altogether valueless.—*Pioneer.*

VALUABLE DISCOVERY FOR THE HAIR.—If your hair is turning grey or white, or falling off, use "The Sexleen Hair Restorer." *It will positively restore in every case Grey or White hair* to its original colour without leaving the disagreeable smell of most "Restorers." It makes the hair charmingly beautiful, as well as promoting the growth of the hair on bald spots, where the glands are not decayed." Ask your Chemist for "The Sexleen Hair Restorer," sold by Chemists and Perfumers every where at 3s. 6d. per Bottle. Sold wholesale by the Anglo-American Drug Co., Limited, 83, Farringdon Road, London.

INTIMIDATING A GOLDSMITH.—Camal Amir and a Hindoo were charged before Mr. Shewshankar Govindram yesterday by Inspector Young with having criminally intimidated Sooceram Ramchunder. It appears that the complainant Ramchunder, who is a goldsmith and works at his shop in Dongree, was, as usual, at work on Saturday afternoon. The two accused entered, and demanded a rupee from him to buy some drink. The astonished goldsmith said he had no money with him, and that even if he had he would not give them any, as he did not know them. The Hindoo, who was in a drunken state, then told the Mahomedan if no rupee was given, he should strike complainant. As none was forthcoming, though it was redemanded, the Mahomedan struck the goldsmith two or three times with a stick. Both ran away when the complainant cried out and a sepoy turned up. They were chased and eventually secured by the sepoy. Mr. Nusserwanjee defended No. 2, and elicited from the objecting parents no publicity for the accused. Mr. Brewin stated that No. 1 was a terror to his neighbourhood, and had often been convicted. His worship sentenced him to nine months' hard labour in the Common Jail, and fined the other Rs. 10, with a week's jail as an alternative.

THE ABKARI COMMISSION.—A meeting of the Abkari Commission was held yesterday at the office of Mr. J. H Grant, Collector of Bombay, for the purpose of discussing the scope of the Commission and to arrange the preliminaries. Mr. J. H. Grant, C. S., Collector of Bombay (chairman), Sir Frank Souter, Kt., C. S. I., and Mr. Sorabjee Shapoorjee Bengalee, C. I. E., members of the Commission, were present. The Commission arranged preliminaries for future proceedings and resolved to meet on Friday next, at 2 p.m., at the Secretariat. We learn that the Commission are in communication with Government regarding the admission of representatives of the press at their future meetings.—*Deccan Herald.*

THE QUESTION OF ETIQUETTE.—A Mr. N. S. Ginwalla writes to one of the Bombay papers complaining of the slight put upon natives, who may be wealthy merchants or otherwise exceptionally respectable, when they are addressed as plain "Mr." instead of "Esquire." The question of "Mr." has been already disposed of; and if the modern representatives of ancient Indian civilisation like still further to patchwork their national nomenclature with odds and ends of finery borrowed from England, there is no reason why they should not address each other as "Esquire." But to claim the title as a right is quite another thing. Only a small proportion of Englishmen possess it of right, to the rest it is given by courtesy, because it has become impossible to distinguish in everyday life between ordinary English gentle folk and such esquires as the sons of younger sons of dukes and marquises; the younger sons of earls, viscounts, and barons, and their eldest sons; and the eldest sons of baronets and knights. These do not carry their prefixes over their titles, and therefore, to avoid mistakes, the distinction of Esquire is granted at random and almost universally. But with natives, as a rule, there is no such ambiguity. The eldest sons of native K. C. S. I.'s or of baronets, like Sir Jamsetjee Jejeebhoi, are the only esquires by birth and those who have by their professions—as doctors of law or justices of the peace—a right to be "reputed" esquires, might claim it, if it is not accorded to them. The title would thus recover for natives something of its lost significance. The rest should be as willing to do without the affix as nine out of ten Englishmen are to part with it; for a distinction which means nothing more than that the bearer is a well-dressed native of England is altogether valueless.—*Pioneer.*

SENT TO GAOL FOR SMUGGLING OPIUM.—Syud Ahmed Syud Ruston, recently a private in the 15th N.I., was yesterday charged before Mr. Ryan with having in his possession, and also with importing into Bombay, 21 Bengal seers and 30 tolas of opium, valued at Rs. 435, in contravention of the Opium Act I. of 1878. The accused was detected on Sunday morning by the B. B. and C. I. Railway police on the arrival of the Ahmedabad mail train by, which he was a passenger. On being asked how he became possessed of so large a quantity of opium, he said that he was instigated by a certain Chinaman, who dealt in opium in the Bhendy Bazaar-road, to bring opium from Oojein for sale in Bombay. The accused then pointed out a Chinaman named Wang Assoo, but he denied all knowledge of the affair. The magistrate, in disposing of the case, remarked that the accused rendered himself liable to the maximum punishment of two years' imprisonment. Being a poor man and unable to pay a fine, he would sentence him to three months' rigorous imprisonment, and order the opium to be confiscated.

BOMBAY TOWN COUNCIL.

AT the usual meeting of the Town Council yesterday, there were present Sir Frank Souter (chairman), Mr. Nowrozjee Furdoonjee, Colonel Merewether, Mr. Geary, Dr. Peterson, Captain Morland, Mr. R. M. Sayani, Dr. Cook, Mr. R. N. Khote, Mr. Nanabhoy Byramjee Jeejeebhoy, and Mr. M. N. Banajee.

SANCTION FOR THE DEMOLITION OF A CHAWL.—The Deputy Municipal Commissioner asked for the demolition of a chawl, under circumstances mentioned in the following letter:—

Bombay, 28th July, 1885.

To the Municipal Commissioner.

SIR,—I have the honour to report that Mr Vagoo Bayajee Power has rebuilt a chawl at No. 2, Ghuneestreet and Foras-road without permission. It has no plinth, and is only 7 feet in height at the eaves. It consists of posts, supporting a roof covered with tiles, and the external walls are of tatta and mud plaster. The work of building the chawl was commenced on or about the 3rd April last, and completed within a month. The notice under sections 105 and 107, requiring plans, was served on the 8th May last. Since then plans were submitted, but they were not approved, not being in accordance with the requirements. I have now to request that the sanction of the Town Council be obtained, under section 107 of the Municipal Acts, to demolish the chawl. I have, &c.

C. H. BRAHAM, C.E.,
Deputy Executive Engineer.

It was proposed by the chairman, and seconded by Colonel Merewether, that the demolition be sanctioned.

Mr. Nanabhoy drew attention to the fact that although the chawl was commenced on the 3rd April last, the notice requiring plans was not served till the 8th May. He thought that so much time should not be allowed to elapse before the notice was served.

Mr. Geary pointed out that it was for those who build to receive notice and send in plans; the Act placed the onus on them, and not on the Municipality. When this was evaded, the Municipality should deal with the offence.

Eventually the Chairman's motion was carried, together with the following rider suggested by Dr. Peterson:—That the Town Council think it desirable that in all cases of this kind notice should be taken by the Municipality as promptly as possible.

THE QUESTION OF DR. WEIR'S LEAVE.—The Council further considered the letter, dated 24th July, 1885, from the Deputy Municipal Commissioner, forwarding copy of a telegram from Surgeon-Major T. S. Weir, Health Officer, asking for an extension of leave for a further period of three months from 4th September next. The Deputy Commissioner stated that, under these circumstances, it devolved upon the Town Council to make arrangements for the conduct of Dr. Weir's duties during his absence.

A memorandum was submitted from the Deputy Municipal Commissioner, stating, with reference to the Town Council's Resolution No. 947, dated 29th July, 1885, that Dr. Weir is entitled, while in the Municipal service, to the same leave that would be admissible to him if he was under Government. The Commissioner, with whom the power by delegation of the Town Council rested to do so, had already granted Dr. Weir the extension of leave he had applied for, subject to Government finding that he was entitled to it. It rested now with the Town Council to make arrangements for the conduct of his duties during his absence. Dr. Weir having been appointed for five years, which will not expire till 30th September, 1886, of course, retained a lien on his appointment so long as he did not exceed the leave admissible to him by Government. Dr. Weir's extra leave has been sanctioned by Government.

Mr. Geary said that he had received a communication from Dr. Weir, stating that he was now on his return, but that his journey was much impeded by the difficulties of the march. The Parsees refused to move in the plains during the day owing to the great heat, and marching at night was slow and difficult.

The question was allowed to stand over till the Deputy Municipal Commissioner should ascertain whether Dr. Weir was entitled to the leave, under the military rules.

MUNICIPAL CONTRIBUTION TO THE VICTORIA AND ALBERT MUSEUM.—The Council recorded the following resolution of the Corporation passed on the 31st July:—"That Government Resolution No. 487, General Department, dated 11th February, 1885, regarding the proposed contribution by the Corporation to the funds of the Victoria and Albert Museum, be referred to the Town Council, with the request that the application be considered by them when framing the Budget for 1886-87."

THE FALKLAND-ROAD OLD SEWER.—The following letter from the Deputy Municipal Commissioner was submitted for consideration:—

Bombay, 28th July, 1885.

To the Secretary, Town Council.

SIR,—With reference to resolutions of the Municipal Corporation, Nos. 42 of 13th April last, and 409 of 23rd instant, and of the Town Council No. 325 of 3rd ultimo, I have the honour to observe that letter No. 980, of 15th May last, from the Executive Engineer, which was forwarded to the Town Council under the Commissioner's No. 2401 of 28th idem, was intended to supply the Town Council and Corporation with information very importantly connected with the earlier of the two above-mentioned resolutions of the latter body, but which was not available to them when that resolution was passed. I believe that, in the light of the executive Engineer's report, the Corporation may possibly deem it desirable to come to some other resolution on this subject. I should be glad if the Town Council would move them so to do so. The resolution of 13th April was passed, no doubt, under the impression that no very sufficiently satisfactory plan for the large expenditure for which sanction was asked, had been made. I have, however, carefully discussed this matter with both the Executive Engineer and the Consulting Engineer, and they are confidently of opinion that the survey already held has been fully sufficient. The survey made from within was better than a survey made from without, for this reason, that the damage done would be more effectively ascertained on the inner line of the arch. Mr. Baker, one of the best, if not the best, of the Inspectors under the Executive Engineer, and Mr. Gaupat, an experienced surveyor, were engaged on the survey of four weeks under Mr. Walton's close and constant supervision. Mr. Walton himself continually visiting the interior of the drain to check and ensure the accuracy of the work. Mr. Walton and Mr. Forde being thoroughly satisfied of the completeness of the survey, I think further expenditure on the same object superfluous. If, however, the Corporation after this representation should adhere to their determination that a fresh survey should be undertaken, I beg to point out the exact consequences to which they will be committed. The entire length of the damaged portion of the drain, 2,013 feet, must be laid open either at once in its entirety or else in sections. In the former case, traffic will be completely suspended until the survey is completed, the reparative work to be undertaken decided on (and this may give rise to some delay), and the work itself carried out and the road way again put in order. During the whole of that period Falkland-road and Camatteepoora-road between the boundaries constituted by Gilder-street, Bellasis-road, Grant-road, and Cumballa Hill-road-street, will be entirely closed and the traffic on them suspended. Even if Camatteepoora-road were kept open by a temporary bridge the inconvenience to traffic would still be very great. Of course the drain might be closed and the road way thereon opened for traffic immediately on the completion of the survey, but in that case, the expenditure (Rs. 11,770) for opening and closing would have to be incurred twice over. In the other alternative, that of opening the drain by sections and reclosing it as the work proceeds the inconvenience to traffic would not occur, because the materials of the excavation could be heaped in front and rear of the particular section open at any given time, instead of being heaped at the sides as would be necessary if the whole length were operated on at once. But in this case, of course, the work of opening and closing would have to be undertaken twice over, and therefore the expenditure (Rs. 11,770) will be incurred. Bearing in mind the very heavy cost (Rs. 65,398) which must be incurred in opening the drain, repairing it, and reclosing, and also the fact that the professional advisers of the Municipality are confidently of opinion on this purely professional question that no new survey will furnish any information which is not in our possession already, I think the Corporation will probably hesitate before they enforce their resolution No. 42 of 13th April. I advise therefore that the Town Council, in forwarding this report to the Corporation, should again recommend that body to sanction the amount (Rs. 65,398) asked for in the Commissioner's letter No. 13383, of 17th March last, and recommended by the Town Council for sanction in their Resolution, No. 2096, of 30th idem.—I have, &c.,

H. A. ACWORTH,
Deputy Municipal Commissioner.

Mr. R. N. Khote moved that the matter be referred back to the Municipal Commissioner to devise ways and means for carrying out the work.

The motion having been seconded by Mr. M. N. Banajee, was carried *nem. con.*

The Council adjourned, after having disposed of some other business.

THE BANK OF BOMBAY.

THE eighteenth ordinary general meeting of shareholders of the bank was held yesterday afternoon at the bank's premises, Elphinstone-circle, Mr. Charles Douglas, chairman of the board of directors, presiding. Mr. W. Fraser, the secretary and treasurer, read the directors' and auditors' report and the statement of accounts made up to 30th June last, which have already been published in the newspapers.

The chairman, in addressing the meeting, said.—Gentlemen, your late president, Mr. Macaulay, having left Bombay, the duty of addressing you to-day, and of moving the adoption of the report which you have just heard read, falls upon me. I regret to say that the working of the bank for the past year has not been sufficiently remunerative to enable us to declare such a large dividend as we did on the last occasion I had the pleasure of addressing you, but I think that you will consider that the profits realized are satisfactory, considering the difficulties with which business has been surrounded. During the period under review two very powerful influences have combined to affect trade, and have seriously interfered with the employment of the Bank's funds. The political situation has been so critical that it was only natural that merchants should act with the greatest caution and avoid all distant and risky operations, and thus, while restricting the demand for accommodation at the Bank, has naturally had a tendency to increase the amount of money available in the bazaar for demand loans in first-class securities and had caused more competition for the small amount of good business which was to be had. The British Empire has indeed passed, or perhaps I should say is now passing through the most serious political crisis which has occurred for many years, and that the gravity of the situation has been recognised by the natives of this country as well as by Europeans is shown by the local manner in which the great chiefs of this country have come forward to support the Government. Gentlemen, this is not a time or place to enter into political matters, but in speaking of the affairs of the Bank I could not avoid reference to a matter which has caused very serious fluctuations in the value of the Bank's investments. The partial failure of the cotton crops has told seriously on the earnings of some of our branches, and it has also tended to keep rates of interest low. The importance of this will be evident from the fact that the total shipments of cotton from 1st January to 30th June only amounted to 625,000 bales against 1,050,000 in the corresponding period of 1884 and 1,083,000 in 1883. This represents a falling off of about Rs. 4,50,00,000 in the trade of the country and a large diminution in the business of the Bank. The consequence of this has been that only for a short period was there any active demand for money. The trade in wheat and seeds shows a considerable increase, but this goes but a short way to make up the falling off in cotton:—In dealing with the balance available for dividend your directors have not thought it necessary to add to the reserve fund, as it already stands at Rs. 25,00,000 or equal to one-fourth of the capital of the Bank. The importance of having a large reserve fund is fully recognised, and I think that we should go on increasing it in years of prosperity, but it is now sufficiently strong to justify us in giving the shareholders the full benefit of the profits made in such a year as the present. We have placed Rs. 20,000 to the credit of the fund for losses, as the directors are always anxious to strengthen this fund, but I am happy to say that beyond a possible sum of Rs. 5,000 we do not anticipate having to draw upon it against bad losses Rs. 10,000 have as usual been applied to the reduction of the cost of premises. To the officers' pension fund we have allotted Rs. 10,000, and I am happy to say that that fund is now in a very satisfactory position. I am sorry to say that I have nothing new to report about the liquidation of the mills connected with the estate of Nursey Kessowjee. The matter is still under litigation in the High Court, and until that is settled we cannot appropriate the money in hand. Regarding the accounts placed before you it is unnecessary for me to say much. You will observe that the Public or Government deposits stood on 30th June at Rs. 63,27,638 against Rs. 1,11,172 last year.

In March last, and after reaching a depth of 58 feet, granite rock was met which was found very hard and difficult to bore through. In order to ascertain whether this granite was merely a detached boulder or part of the strata of the earth in the locality, trial boring within a diameter of 50 feet were made, but they all showed that the same granite was to be met with. The boring operations in the Park were accordingly abandoned, and the result of the search of the country around indicated that a stratum of granite existed for two miles north of the Fort and some miles inland. This being the case the Government has stopped the operations for the present, pending a selection of some other site by Dr. King.—*Mail.*

RECEPTION OF A NOVICE.—Bishop Colgan, on the 22nd ult, received a young lady, Miss Annie Harris, in the usual form and with the usual formalities, into the presentation order, a branch of which has recently been established in Vepery. Most of the R. C. Clergy in and about Madras were present. The ceremony was impressive; the young lady who came attired in her bridal costume was presented by the Rev. Mother to the Bishop, who asked the latter whether the novice elect had clearly signified her intention to join the order, abandon the world and serve God in religion. The Bishop then asked her to retire and return in the garb of the order. This being done the usual prayers prescribed were said by the Bishop, she lying prostrate the while on the floor, and the vows of poverty, obedience and chastity were promised by the novice elect. His lordship invested her with the cincture and white veil and after receiving his blessing she returned to her place and was most cordially welcomed by the Rev. Mother and members of the order. The Presentation Convent was established in Madras in 1842 by the late Bishop John Fennelly, and after doing good work in the cause of Catholic education during the past forty-three years, it has fallen to the prelate who now presides over the local Irish Mission to establish a branch of the same Convent in General Collin's Road, Vepery. The necessity for the opening of a branch Convent in Vepery to afford the better classes of Catholics of the District of sending their girls to a good school has been long felt. "Cotgrave House" was purchased, and the new Convent therein located has already, in six months, made its influence felt in the great influx of pupils. Miss A. Harris, the daughter of Mr. Harris, C. E., was the first recipient of novitiate in the new Convent.—*Mail.*

DR. DE ROOS'
CONCENTRATED GUTTÆ VITÆ OR VEGETABLE LIFE DROPS.

THE alchemists of old spent years in endeavouring to find out the means of transmuting the baser metals into gold, but in vain. It was, however, reserved for a physician of the 19th Century to make a far more valuable discovery in occult science—the result of deep research into the arcana of Nature's mysteries—which is here offered to the world as the pleasing results of a quarter of a century, during which time this wonderful medicine has been tried in every quarter of the globe, all corroborate the most sanguine of the Inventor's hopes. Thousands of voluntary testimonials from grateful patients, testify to the fact that from this remarkable tonic alone, new life has been imparted to numbers of debilitated individuals; and it is not too much to say that hundreds of persons are at the present day in full enjoyment of their mental and bodily powers—all through good health—who previously were confirmed hypochondriacs, had been given up by the faculty as incurable, and left to drag out the remainder of their existence a misery to themselves, and a continual anxiety to their friends.

This great life-reviving medicine gives vitality and strength to the most shattered constitutions. It not only strengthens the system but purifies the blood, and promotes a healthy circulation of the fluids, thus imparting strength and tone to the nerves, enlivening and invigorating both body and mind. It greatly improves the appetite and restores the digestive powers, whilst for dyspeptic persons it is unrivalled. Those who (from long residence in hot climates) suffer from langour and relaxation, as also all persons going to the East or West Indies, should provide themselves with this important article of health.

Youth and age equally participate in the miraculous effects of this wondrous medicine, for whether the body be debilitated in early life, or sinking under the advance of years, a few doses will specially afford assurance of restoring health by giving tone to the muscular and nervous systems, and brought the organs of digestion, renovating the whole constitution. To the young it affords health, strength, and vigour instead of languor and debility; while to the aged and infirm it assuredly furnishes great relief and comfort, by gently and safely invigorating the whole corporeal frame; and although it is not put forward as imparting immortality, it will certainly gild the autumn of declining years, and, in all cases, calmly and serenely, protract the close of life. For females of all ages, as also for delicate children who cannot take cod-liver oil, the Guttæ Vitæ will be found a great boon—being far superior in its strengthening properties, and at the same time so pleasant to the palate that it can hardly be called a medicine. To married persons, especially, this preparation will prove invaluable; giving strength and vigour in place of lassitude and incapacity for exertion. Price, 1s. and 3s. per bottle. The large size contains sufficient for four weeks.

PAINS IN THE BACK, GRAVEL, LUMBAGO, RHEUMATISM, GOUT, DISEASE OF THE KIDNEYS AND BLADDER, STRICTURES, &c.

DR. DE ROOS'
COMPOUND RENAL PILLS

Are justly celebrated all over the world as the most safe and speedy remedy for the above dangerous complaints, Discharges of any kind, Stone in the Bladder, and diseases of the Kidneys and Urinary Organs generally.
These celebrated Pills are an infallible remedy in the most obstinate cases. By their use alone many thousands are annually restored to health, and the agonies of gout and rheumatism may now be considered a voluntary affliction, as no one need suffer the excruciating torments if they will only have recourse to the [illegible] which are confidently recommended by the profession as the best and quickest; whilst for weakness [illegible] these pills, sandy peculiar to hot climates, in all cases of renal or urinary disturbance, they are found unrivalled. They correct acidity of the stomach, promote the functions of the liver and kidneys, thereby preventing stone in the bladder, &c. Many complaints, long supposed to be nervous, often arise solely from contamination of the blood with certain impurities which should have been carried off by the kidneys. Thousands of testimonials from grateful patients attest their marvellous efficacy. In packages, 1s, 1½d., 2s. 9d., 4s. 6d., 11s., and 33s.

THE MOST WONDERFUL PILLS IN THE WORLD.

DR. DE ROOS'
PILULÆ VITÆ OR VEGETABLE LIFE PILLS

which speedily, and almost magically, remove pain and disease, of whatever nature, restore cheerfulness to the spirits, vigour to the body, and strength to all the organs on which health and life depend; they do not contain a particle of mercury, but are purely vegetable; and for all affections of the liver, flatulency, bile, sick headache, dizziness, loss of appetite, lowness of spirits, the sensations of fulness at the pit of the stomach, pains between the shoulders, and the distress arising from indigestion and general debility they will be found of unexampled efficacy. They act mildly on the bowels without pain or griping, impart strength to the whole system, promote a healthy action of the liver, clear the skin, remove sallowness and pimples, purify the blood, brace the nerves, and marvellously invigorate the whole system. Price 1s. 1½d., 2s. 9d., 4s. 6d., 11s., and 33s. per box.

Every package of Dr. De Roos' preparations bears the British Government Stamp with the words—"WALTER DE ROOS, London," in White Letters on a Red Ground, by order of Her Majesty's Honourable Commissioners, without which none can possibly be genuine. DR. DE ROOS' world-famed Medicines may be obtained of Messrs. TREACHER & Co., Limited, Bombay, Byculla and Poona; B. S. MADON & Co., Bombay; B. PHILLIPS & Co., Bombay & Poona; H. A. "THE PIANOS FOR INDIA"

The experience of nearly thirty years proves that
S. ROSE AND CO.'S
SYMPATHETIC GRAND SQUARE PIANO
is, par excellence, the best suited for the climate of India.

WE GUARANTEE EACH PIANO. "This piano was awarded a first-class certificate and medal of the Calcutta Exhibition." WE GUARANTEE EACH PIANO.

S. ROSE & Co., have supplied many hundreds of their noted Sympathetic Grand Square Pianofortes to residents in all parts of India. No one instance has occurred of a "Sympathetic" having given way; of course the action and mechanism will wear; but S. ROSE & Co., have seen "Sympathetics" which, after twenty years' use, have, after the entire action has been renewed, been as rich and beautiful in tone as when quite new.

All parts of the instrument have been studiously cared for in the manufacture; the external case being of solid mahogany, with ornamental fret work at the openings. In regard to tone and touch it is a first-rate instrument.

The term "Sympathetic" was first used to designate the character of tone. The term has been made use of by others without scruple, and many purchasers have paid for "Sympathetics" of a most doubtful quality, and which are not entitled to the name; but are merely inferior imitations.

Cash price, in solid Mahogany Case ... ... Rs 850
" " in solid Ebonized " ... ... " 900

S. ROSE & Co., have adopted the "One-Year Purchase-System" for the sale of their sympathetic' Grand Square Pianofortes;—full particulars on application.
